Sandy – Some thoughts for 2015 Key Issues for ARP

Expected proposal to the NPL of the Columbia Falls Aluminum Company Site (official name: Anaconda Aluminum Company Columbia Falls Reduction Plant). Staff will be working with HQ to finalize the technical documents that form the basis of this agency rulemaking and conducting outreach to stakeholders.

Significant support to the 3 communities selected as part of the Administrator's making a visible difference in communities cross agency strategy.

It looks like Shaun is going to try in mention staff involved in these activities so please send me their names asap as well as your short write up if you haven't yet.

- Leadville/Arkansas River delisting and recognition
- MT TMDL completion
- Libby Tox Assessment/RA release
- WOUS outreach efforts

Also need you input on 2015 key issues. NLT early Monday.
Thanks.

Hi all,

A quick update: While this will be a very short update (2-3 bullets per ARAShip), if there are staff that you feel should be mentioned for their work on your named accomplishments, send their names along and he'll try to work them in, time permitting.

Thanks,
Rebecca

Subject: 2014 Accomplishments and 2015 Key Issues for Next Week's All-Hands Meeting

Hi all,

As Shaun mentioned at SLT yesterday, he would like to report out some 2014 accomplishments and 2015 key issues for the all-hands meeting scheduled for next Thursday, 1/15. I am assisting Paula in collecting this information.

Please submit from each ARA-ship:

- 2-3 great things that happened in 2014. 1 sentence on each.
- Up to 3 key issues for 2015. 1 sentence on each.

Please submit by COB Monday 1/12.

Thanks,
Rebecca
